Weatherization Assistance Program**

Thank you for your interest in the Weatherization Assistance Program. The mission of our program is to provide low-income families with the opportunity to improve the energy efficiency of their home and help reduce the electric bill. We are not a "home makeover" or "Fixer Upper" organization. Our goal is to perform minor improvements and repairs to the home to lower kilowatt usage, help keep you safe and healthy as well as save you money.

Once we have received your completed application and documents, your name will be added to our waiting list to receive services. When your name is pulled to our Energy Audit List, A home energy audit will be conducted on your home. Some of the areas we will specifically evaluate includes, ductwork, attic insulation, water heater, leaky windows and doors, and other areas where air could infiltrate. Once the problem areas are determined, steps will be taken to have these issues corrected by a licensed contractor.

Included in this mailing is the application packet we spoke about on the phone. **Please fill out the highlighted sections only, sign and date the application at the bottom. If your application is not signed, or if all requested documents are not enclosed, your application will be considered incomplete.**

We cannot begin the qualification process until you have returned the application and all documents we requested.

Due to the number of families on our waiting list, it may take some time before an inspection can be scheduled.

All work completed on your home is free of charge to you as a service from the State of Florida and the United States government. Thank you for your patience.
